Mr. Aholo was Minister of Interior from October, 1886, to June, 1887. Previous to accepting the Ministerial portfolio, he represented Lahaina in the Legislature, and exhibited considerable ability as a parliamentarian. He was, in fact, generally regarded as the ablest of the native Hawaiian members, so much so that he was called by some the Solon of the House. Both in and out of the Legislature, Mr. Aholo always bore himself in a gentlemanly and dignified manner, He was Postmaster-General a short time before becoming a Cabinet Min-

Y. M. C. A.

The Y. M. C. A. had a business meeting Thursday night, President, Mr. F. J. Lowrey, in the chair. Reports of committees were heard and discussed. The Hon. A. F. Judd reported the Hawaiian branch in a flourishing and efficient condition, the committees and members thereof taking active part in the work of the organization. Interesting reports of committees are received at each meeting, the reports showing the members to be vigilant and assiduous in their attention to the duties entrusted to them.

The Treasurer's statement showed a deficit in the finances of the past month of \$5 75; also that the sum of \$450 will be required before next meeting, to end the year with a clean balance sheet. The first named sum was made good by the collection at the meeting amounting to precisely \$5 75; the larger amount of \$450 was referred to the Finance Committee to see what is to be done about it.

A committee, consisting of Messrs, W. A. Bowen, A. F. Cooke and S. D. Fuller, was appointed to nominate officers for next ensuing year and to report at the Annual meeting to be held on the third Thursday of April.

Mariposa, That vessel arrived about 7 o'clock on Friday evening with nearly 970 packages of freight for this Included in the quantity were 361 packages of sugar diffusion ma-chinery, many of them of form and heft difficult of handling. Besides all that amount and variety of cargo to be discharged, there was a large quantity of freight to be loaded, including over 787 tons of sugar and 1,100 bunches of bananas. All the unloading and loading of the above was done in something like twenty hours of working time including night, as we are informed, the vessel getting away on her voyage to San Francisco in twentyseven hours after docking. This result was, moreover, achieved notwithstanding the fact that the vessel had to be accommodated at another than her owners' wharf, involving the absence of facilities that the Oceanic Company has for manipulating its business.

The Week's Weather.

Smith's Planetary Almanac concluded its forecast for last week with "cold weather far to the south; stormy." It turned out even so in Honolulu, as the coolness of Friday and Saturday evenings was generally remarked.

This week's forecast from the same source is as follows: "Snows north, rains south, high winds general. Bluster and storms continue, with equinoctial gales. Heavy snows around Chicago and westward. Milder, with wet weather in the South and West."

The Firemen's Vote-

A ballot vote was taken Thursday at the bell tower on a proposed change to article 21 of the constitution of the department. The aggregate vote of the companies, if all voted, would be 300. The total votes east were 163. Of this number, 14 voted for the amendment and 148 for the article "as it stands." A two-thirds vote, or 200, would be required to carry the amendment. Of course the above vote defeats the amendment. The votes cast by the several companies were: No. 1, 6, No. 2, 15; No. 4, 44; No. 5, 44; Pacific Hose, 18; Hook and Ladder, 36. Mr. Henry Smith presided at the election, which was conducted in good order.

Very Sad

News has been received by the Ala-meda of the suicide of A. G. Ellis, formerly in the employ of the late firm of E. P. Adams & Co., auctioneers, of this city. He ended his existence at Los Angeles, Cal., by taking laudanum. Mr. Ellis on leaving the above employ two or three years ago went to the Coast, where he engaged with a party of Honolulu young men in gold prospecting. Last year he returned to the Islands and stayed several months, looking in vain for permanent employ-ment suited to his capacities. It is only a few weeks since he went back to California. The deceased was a very popular young man, and his untimely and unnatural death will be deplored in this community.

The late Albert G. Ellis left a wife and two children, who are supposed to be living at Oakland. It is supposed that his embarrassed financial condition caused him to take poison. death was on Thursday night, March

Chinese Christian Conference.

An interesting conference is in ses sion at the Chinese Church. Mr. F. W. Damon has called a meeting of preachers and delegates from Hilo, Kohala and Paia, to join him and the preacher of the Honolulu Church in discussing ways and means of promoting the spread of Christian truth and life among the Chinese. Three sessions are held each day, and it is interesting to an outsider to note the new light inwhich Chinese Christians look at Christian duties and motives. How to deal with quarrels among church members is a burning question with these Chinese residents, so fond of litigation as our lawyers know to their professional delight. How to keep Sunday is a very practical question for some of our Chinese hack-drivers. How to interest outsiders in such themes as salvation from sin, preparation for eternal life, growth in holiness An illustration of the excellent of heart and life, is as difficult a profacilities at this port for handling ocean steamer traffic was afforded by the last call of the Oceanic steamship Ostrom, formerly a missionary in China, is assisting Mr. Damon.

Migration.

Persons who have any interest in facts relating to the depopulation of the country will find some fresh reading in the passenger list of the S. S. Australia. A representative of the San Francisco Examiner, of February 26th, represented one of the Portuguese passengers by the same steamer a month ago to have said that his fellow countrymen emerging from the bondage of Hawaiian plantation life to the enlightened and independent conditions of California agriculturists, bring with them the needful for making a good start in whatever part of the Golden State they may settle. From \$1,000 to \$1,500 was named as the capitalized results, to some individuals of the party, of a few years' residence among socalled "plantation slaves." There are lots of people, both in this Kingdom and in the Great Republic, who would almost go in for a slice of slavery if they could net \$1,500 in the course of a short term of years. If the thirty families or thereabout who left Tuesday have an average of \$500 per famhas been asked to assume the pastorate of the First Foreign Church, if rait ranch enterprise on the coily, they will be pretty well fixed for a operative plan, when they arrive in California.

Casting Off the Lines.

There was a large gathering of visitors on the Oceanic Steamship Company's wharf on Tuesday, to dispense D. Howard Hitchcock's splendid alohas among the outgoing passen-pictures of Rainbow Falls, Hilo, do gers. Several prominent citizens were among those leaving, some to remain away permanently. Out of the 269 people who took passage by the steamer, it is not probable that over 50 will return. Leis were profusely laid on the necks of some of the social favorites of the community. There were a few in the crowd who were trying to do a fair chore of regulation erying, and a few others in "pilikia nui," to repress the exuberance of their emotions as they watched the receding forms and faces of esteemed friends and relatives, but the majority of the folks, both going and remaining, were in jovial mood. Although the gates were open, the gathering on the wharf and on the deck was smaller than usual on similar occasions, owing to the general impression that no visitors would be admitted within the gates, the steamer being under quarantine regulations. Rev. E. P. Baker, pastor of the None but passengers, however, were Foreign Church, Hilo, read rather a allowed to go aboard the vessel, hence strange notice on Sunday, 10th inst., all greetings had to be finished up on which had been handed him by a the wharf. Tit for Tat.

EDITOR GAZETTE:—A gentleman of Hilo signing himself "Hiloides" has paid his respects to me. "Hiloides" is evidently a corruption for "Hilo Ideas," The title of his article should Ideas." be "Stick-liar for Truth." I am a great admirer of talent. And "Stickliar" displays unquestionable genius in his little piece. After reading the date of his letter, February 30th, however, I would advise him to stick to unpremeditated lying. Reforming sinners is a Hilo idea of

the deepest dye. Conscious of the purity of my character and the sanctity of my life, I decline the proffered missionary and the tendered canal boat. I am no rival of one who can count thirty days in February. I am content to array facts in such a guise as will prove that "truth is stranger than fiction." Secure in the convic-tion that I can prove all my statements by Charley Thompkins and George Mundon, I present myself to the readers of the GAZETTE as a lifesize magnificent picture of truth "thrown out in bold relief from the dark background of the mighty past, and whose gemmed setting shall be the good, the true and the beautiful forever." Single copies fifty cents each or free to new subscribers of the GAZETTE.

The above glowing passage will shortly be translated into words of two syllables for the benefit of Hilo readers. REEF ORME. Kapaa, Kauai, March 16th.
